Planning

Ongoing – No update since last newsletter. The full planning application received for the Limegarth, Moor Road development site remains in consideration. In September 2020 the Parish Council responded to the application and agreed the application should remain on hold until the current sewage and water infrastructure problem is addressed. RDC have confirmed that they don't have an objection from a consultee (infrastructure) so therefore they are unable to refuse the application on concerns regarding infrastructure. Cllrs agreed that the Village Hall will remain on hold until the infrastructure has been resolved. Cllrs will look for interested residents

when a Village Hall committee will need to be established. Cllrs agreed to look at this when a more detailed plan is available.

District Councillor Jimmy Wilson-Petch will do all he can to support the delay in approving this application. Cllrs still agreed that the village infrastructure should be addressed before the planning application progresses.
