Notes

1) Vehicles counted is towards camera only. Now pointing outbound from the village. Signs turned on 23/02/26.
2) Total vehicles per day is an average calculated by dividing the total number by the number of days in the month.
3) Number of vehicles on any one day may exceed this average especially if there are hold ups on the A66 or A1M.
4) Fastest speeder - Moor Road 55mph on 04/10/2026 at 18:10pm.
4) Fastest speeder - East Road 40 mph on 25/10/2026 at 14:35pm.
4) Fastest speeder - Ladywell 55 mph on 15/10/2026 at 22:10pm.
5) Volumes - Significantly up on September. 2nd highest daily and monthly total of vehicles this year behind August.
6) Speeder % - At 12.63%, this is the lowest % figure this year and over 1% lower than average.
7) I have added Speeders per day below Total Vehicles over 30 mph. Are these the same circa 200+ people? If so can we communicate with them? Temporary signage perhaps?
8) Today, 03/11/2026, I turned the signs around again so they are once again detecting inbound traffic.
